(Start Belt #5)

before we move on, well, we're to general file consideration of LB 448, Senator Hasebroock, for what purpose do you rise?

SENATOR HASEBROOCK: A point of personal privilege.

PRESIDENT: State your point.

SENATOR HASEBROOCK: I think as we are going along here we have got 42 members here, I don't know, I'd kind of like to reconsider, have us reconsider and just take every bill as we come along, controversial or not and discuss it, I think we've got enough people here.

PRESIDENT: Very good, Senator Nore, for what purpose do you rise?

SENATOR NORE: A point of personal privilege. I think this is a good day to get some of these non controversial out of the way because I'm afraid some of them, I have four or five of them, that are nothing but housekeeping bills, there never going to get taken care of if we don't have a day to do these on. I think this is a good plan, let's stay with it. Just because someone doesn't get his particular way this morning, and loses his cool, I don't think we should change the whole plan.

PRESIDENT: Thank you Senator Nore, unless somebody makes a motion and decides this issue by a vote and so on, it seems to me that the Chair is obligated to continue as the Speaker has requested, and as we had the input earlier and that is that if there is any objection to the bills if they appear at all controversial that we try them and we go on from there. Before we move onto the general file consideration of LB 448, we have a former Senator visiting this morning and I think we would want to welcome Bill Diers, Bill are you back there some place, he is seated I think under the south balcony, Senator Diers will the Sgt. At Arms please have Senator Diers stand up. We'd like to have you stand up Bill, we'd like to recognize you and welcome you back to your old haunts here. The Clerk has some reports, let's read the reports into the record.

CLERK: Read.

PRESIDENT: Insert it in the journal. Senator Barnett for what purpose do you rise?

SENATOR BARNETT: Mr. President I'm going to make the motion that you requested, and then the body can determine which way they want to go. I'll, you can't draw a draft an amendment or a motion that fast, so I'll get it up to the Clerk just as soon as I get it done.

PRESIDENT: Thank you.

SENATOR BARNETT: I would like to make a motion that we take the bills on general file as they come controversial or not, if a person that has a bill is controversial is on there I would think he want to be here to defend it, but it is not fair to the people that are here on Friday to have to keep passing over them, passing over, we've gone through about six or seven bills and haven't taken a vote. I would suggest that we take them as they come in order and dispose of them.

PRESIDENT: Very good, is there any further discussion of the motion, Senator Nore.

SENATOR NORE: What happened to Mr. Roger's list that he was
